

PELTOR™

Freedom at All Levels

The 3M™ Peltor™ ANR 9500 sets the tone

Leave noise and everyday clutter behind. Whatever you're flying—single engine, twin engine or helicopter—take off with the freedom of complete noise protection. Innovative, comfortable and easy to use, the ANR 9500 headset delivers crisp, clear communication thanks to passive, analog ANR and digital ANR attenuation. With digital technology that instantly adapts to changes in noise and one of the highest passive noise reduction rating of any ANR headset, you'll hear only what you need and only what you want. Listen for yourself.

Visit us at the Sun 'N Fun Show or
see your local aviation dealer for a demonstration.
